Ms. Amy Boyd, Town Planner
Golden Plains Shire Council
PO Box 111
Bannockburn VIC 3331

Planning permit for NBN telecommunications facility, reference P11-334

Dear Ms Boyd,

I am writing to express my support for this project. I am aware that a small number of vocal extremist technophobes have voiced strong objections, and I would like to emphasize that the majority of concerned citizens of Dereel are in favour of the project. I am sure you are already aware of the poll posted at <http://dereel.com.au/polls/>, which was open to all. Of 31 voters, only one was not in favour. This fact is indicative of the small number of opponents to the project. In deciding the merits of the objections, I ask you to consider not only the small number of people involved but also the technical inaccuracy of their reasoning.

Sincerely

Greg Lehey
